

Monthly Monitoring Report

August 2005

Zimbabwe Peace Project

EXECUTIVE SUMMARY

There have been reduced incidences of politically motivated violence, according to the Zimbabwe Peace Project's monitoring system as compared to the two previous months, which were mainly characterised by cases involving the controversial 'clean up' campaign throughout the country.

However, we note with concern, the alleged cases of the perpetration of human rights abuses by state arms, particularly the Central Intelligence Organisation (CIO), the army and in some cases, the police.

According to reports from

Mashonaland East, particularly around the Marondera area, the CIO has been reportedly involved in politically motivated breaches of peace. For example, it was reported in **Marondera East** on 25 July that suspected CIO details allegedly kidnapped SS, an MDC activist along Chikomo Drive before torturing the said victim. In the same connection, the suspected CIO led by M allegedly tortured JC, the MDC Marondera district chairperson on 30 July.

In a disturbing occurrence in **Murewa North** on 1 August, eight

police officers of Murewa police station allegedly beat to death an MDC activist MC at Whispers night club in Murewa Centre. It was alleged that two others FM and RM were also beaten in the process.

Displacements reportedly continued in the province. On 30 July at Home Park farm near **Marondera**, JS and his family were allegedly displaced by four Zanu PF youths led by war veteran S who accused the victims of supporting the MDC.

In **Harare**, cases involving MDC

EXECUTIVE SUMMARY

supporters as perpetrators have also been reported. In **Mufakose** on the 18th of August, it was reported that JM, a Zanu PF supporter was assaulted by MDC supporters led by SS and CG ostensibly for wearing a ruling party t-shirt.

The southern region also recorded cases of human rights abuses involving the state agents. In **Bulawayo's Pumula-Luveve** constituency, it was reported on 14 August that suspected members of the army allegedly assaulted LM an MDC

supporter after he refused to divulge information about the candidate he voted for during the mayoral election.

The ZPP continues to call upon political parties and other groups to adhere to the laws of the country by refraining from violence of whatever kind. It is our firm belief that leaders of rival political parties should call upon their supporters to shun violence. We also urge law enforcement agents to conduct their duty without bias and in accordance with the laws of the country.

Figure 2: Graph showing numbers of different incidents of human rights violations recorded for the month of August 2005.

METHODOLOGY

This report is based on reports from ZPP long-term community based primary peace monitors who observe, monitor and record cases of human rights violations in the constituencies they reside. ZPP deploys a total of 240 community-based primary peace monitors (two per each 120

electoral constituencies of Zimbabwe). These monitors reside in the constituencies they monitor. The monitors compile reports that are handed over to ZPP provincial coordinators who lead ZPP offices in the ten administrative provinces of Zimbabwe. After receiving and

verifying reports from the monitors, the provincial coordinators compile provincial monthly monitoring reports that are used to come up with this report-the ZPP monthly monitoring report.

ANNEXURE 1 – Statistical Graphs of Human Rights Violations per Province

ZIMBABWE PEACE PROJECT

The Zimbabwe Peace Project (ZPP) was conceived shortly after 2000 by a group of Churches and NGOs working or interested in human rights and peace-building initiatives, and was to become a vehicle for civic interventions in a time of political crisis. In particular ZPP sought to monitor and document incidents of

BACKGROUND & FORMATION

human rights violations and politically-motivated breaches of the peace e.g. violence.

Today, ZPP's member organisations include, the Catholic Commission for Justice and Peace (CCJP), Zimbabwe Council of Churches (ZCC), Evangelical Fellowship of Zimbabwe (EFZ), Zimbabwe Election Support Network (ZESN), Counselling Services Unit (CSU), Zimbabwe Liberators' Platform, Zimbabwe Civic Education Trust, ZimRights, Civic Education Network Trust.(CIVNET)

GOAL AND OBJECTS OF THE ORGANISATION

ZPP was established with the aim of promoting peaceful co-existence and to help reduce political conflict and violence through monitoring, investigating and researching the causes and nature of violence and circulating widely the results of such activities. The organisation also aims to help resolve politically related conflicts, and to identify victims and perpetrators of

such conflicts, the former of whom will be assisted by being given any support they may require, e.g. legal, medical or material assistance. ZPP aims to work in cooperation with any authorities, institutions and individuals to achieve its objectives of curbing violence and upholding human rights.

VISION

To see Zimbabwe transform into a society that cherishes the pursuit and realisation of justice, freedom, peace, human dignity and development.

MISSION

To heighten the nation's socio-political conscience and senses of responsibility against violence and human rights abuses through information and practical interventions.

GOAL

To reduce violence and human rights violations through community-based and national monitoring, documentation of cases of human rights abuses, and making partnerships and alliances that tap the expertise and assets of local communities and local and regional organisations that will help the attainment of sustainable peace and democracy in Zimbabwe.

THE OBJECTS OF THE ZPP

- monitoring and documenting incidents of politically-motivated violence and human rights abuses
- To initiate and support projects which promote peace and respect for fundamental rights and freedoms
- To tackle political rancour and the tendency to commit violence and human rights excesses as a way of influencing electoral and political thought, and outcomes
- To initiate and promote public education concerning the benefits of pursuing, keeping and preserving the peace, social harmony and political tranquillity
- To identify victims of political violence and human rights violations and refer these to other institutions providing medical, legal, financial, moral or other support
- Giving out timely, well researched and authentic reports on cases of human rights violations to other organisations, stakeholders and any individuals or organisations that may want to use the information for other purposes
- Providing an early warning mechanism to catalyse action to deal with situations that are likely to lead to breaches of peace and human rights violations
- Influencing policy decisions on issues of peace and human rights through issuing of policy briefs
- Increasing networking with community groups and local, regional and international organisation dealing with issues of peace, human rights, conflict resolution and democracy

- Improving the capacity of our community-based monitors in areas of research, information gathering and reporting
- To investigate cases of political violence and the violation of fundamental rights and freedoms and institute legal proceedings

against offenders as a way of combating lawlessness and impunity. The proceedings can take the form of private prosecutions, court applications and actions.

VALUES

ZPP believes in and upholds the following moral principles and standards:

- Democracy and good governance
- Rule of law
- Probity & accountability of public office
- Factual & credible documentation of human rights excesses
- The protection of individual group rights and freedoms, and the human worth.
- Non partisanship and impartiality in dealing with situations of conflict and human rights abuses
- -Gender sensitivity and Equality of all mankind.

ACTIVITIES

The organisation is engaged in the following activities to achieve its goals:

- Monitoring all forms of violence and human rights abuse and collecting data on conditions, practices and policies which affect the human rights, freedoms, dignity and livelihood of people, e.g. the availability or otherwise of food;
- Recording and documenting cases of conflict and human rights violations;
- Networking strategically with other organisations able to assist victims and perpetrators;
- Conducting follow-up investigations to gather enough evidence to build up water tight cases for purposes of litigation;
- Ensuring that certain verified cases of violence and human rights violations are litigated and perpetrators are punished; as part of an anti-impunity drive through the courts
- Providing basic counselling services for both victims and perpetrators of violence and human rights abuses;
- Training monitors
- Referring of victims of violence and human rights abuses to organisations better placed to offer relevant assistance;
- Researching on causes, degree, effects of violence and human rights abuses, and ways of eliminating and avoiding conflict and human rights violations;
- Promoting dispute resolution and conflict management interventions;
- Issuing policy briefs to influence policy decisions deterring the culture or institution of violence and human rights abuses.

UNIQUENESS

The organisation's strength lies in the fact that it is perhaps the only permanent community-based civil society organisation with a country-wide grassroots presence. ZPP has two trained primary monitors deployed in each of the 120 electoral constituencies of Zimbabwe.

The monitors are members of the communities within which they reside and work, and this gives ZPP the capacity to, among other things, 'sense' conflicts long before their symptoms spread.

GENERAL INFORMATION

The member organisations which formed the Zimbabwe Peace Project are:

CCJP ZCC EFZ
ZESN Zimrights Zimcet
ZLP CSU Civnet

The Zimbabwe Peace Project has offices in all provinces of the country. If you wish to know more about the organisation you are free to approach our officers at any of the following addresses:
