Petition to the Minister of Local Government, Public Works and National Housing

Date: _____

As Residents of Harare we would like to express our concern over the way the Minister of Local Government, Public Works and National Housing has taken it upon himself to decide on our behalf without consulting us. The recent decision by the Minister to appoint a commission to monitor the work of the present council is an insult to the residents' democratic right to elect their representatives. We would like to make it clear to the Minister that we will not recognise the proposed commission, and should he decide to impose it; we shall continue to express our disfavour in avenues commensurate to the insult. We petition the Minister to reverse his decision.
